

Pembroke Regional Hospital

MEMO

To: All Staff and Physicians
From: Senior Leadership Team
Date: July 26, 2022
Subject: Tower D Parking

Please note that our small parking lot outside Tower D has always been busy and now, with increased clinic activity and the steady volume of patients that visit Tower D for appointments with the Family Medicine Teaching Unit, the parking lot is often at capacity.

As a result, we are asking that staff and physicians who have the ability to park further away to please refrain from parking in the Tower D parking lot and instead, park in the staff parking lots or in the main parking lot on Deacon Street in order to allow our patients with mobility issues to access the spots closer to their destination.

Thank you for your cooperation.
