

## PEMBROKE REGIONAL HOSPITAL

# MEMO

---

**TO:** All Staff and Physicians

**FROM:** Senior Leadership Team

**DATE:** April 7, 2022

**SUBJECT:** Expressing Thanks And Gratitude To Our Health Care Team On World Health Day

---

As the global community celebrates *World Health Day*, the World Health Organization is focusing attention on the urgent actions needed to keep humans and the planet healthy while leading a movement to create societies focused on well-being.

At Pembroke Regional Hospital, we recognize that keeping our team healthy and focusing on the physical and mental well-being of our staff and physicians plays an important part in ensuring we can, in turn, care for those in our community who need us.

We continue to see the challenges that all of you are facing, both at work and on the home front, as this sixth wave of COVID leaves many of our departments and programs short-handed.

We know that the current situation is difficult and we thank you for pulling together and doing whatever is necessary to ensure our patients are safe and cared for in the best way possible.

In celebration of your efforts and as a small expression of gratitude for the work you are doing in challenging circumstances, special appreciation baskets are being delivered to all areas of the hospital today for teams to share and enjoy. A basket for our physicians can be found in the Medical Affairs office.

Thank you for your hard work and dedication to our patients.
