Appointments are available in 15 minute intervals, two spots per interval, and must be booked one person per time slot.

We ask that if you need to cancel or change your appointment in advance of the clinic that you do so online.

Those attending the clinic are asked to arrive to the Tower C waiting room just in time for their appointment.

Please note: COVID-19 Vaccines will not be available at the Family Flu Vaccine Clinic. As a reminder, COVID-19 vaccines are available at local pharmacies and Renfrew County and District Health Unit Vaccination Clinics.

We hope that you and those with family members wishing to receive the flu shot will take advantage of this special opportunity.
