SUBJECT: COVID-19 Outbreak Declared Over at PRH

Please be advised that, effective today, the Renfrew County and District Health Unit has declared that our COVID-19 outbreak which involved two health care workers in the Emergency Department is now over.

We would like to express thanks to our Infection Prevention and Control and Occupational Health and Safety teams who worked closely with the Health Unit to contain and end this outbreak in a timely way.

We would also like to express our gratitude to all who stepped up to during this situation including those who had to work extra hours, cancel vacation, and assist in other areas of the hospital.

As previously noted, this outbreak has been a learning experience for us and a reminder of what can happen if we momentarily let our guard down.

Let's continue working together to keep each other safe and healthy.
