

Quick Tip

ACCREDITATION | April 3 to 6, 2023

Narcotic Safety

- Narcotics (or opioids) are high-alert medications that carry an increased risk for misuse or diversion.
- PRH ensures narcotic safety through:
 - Safe storage, particularly of high dose narcotics.
 - Standardized documentation of received, returned, administered and wasted narcotics.
 - Proper wastage and disposal.
 - Working toward regular auditing and monitoring
- Report narcotic discrepancies via Incident Reporting Information System (IRIS) & Health Canada within 10 days.
- For more information visit the Narcotics and Controlled Drugs policy document.

Q-Tip #3

Ensure safe use of Narcotics!

It's Our Time to
SHINE again!
