

## LOCUM AND FULL-TIME UROLOGIST OPPORTUNITIES Pembroke Regional Hospital

Located one and a half hours west of Ottawa, the Pembroke Regional Hospital (PRH) delivers a broad range of acute, outpatient, and diagnostic services to a mixed urban and rural population of approximately 100,000 residents in the Upper Ottawa Valley. **PRH is recruiting a full-time urologist to help provide comprehensive urological services. Applications for locum positions are also being accepted. The division of urology at PRH operates as a satellite division of The Ottawa Hospital (TOH) Department of Urology.**

The hospital is situated on the shores of the Ottawa River close to Algonquin Park. The location is ideal for outdoor enthusiasts with nearby hiking, whitewater rafting, and cross-country skiing. The historic downtown is home to a variety of restaurants, retail shops, and services. The hospital provides an array of diagnostic and specialist services. Clinical programs include: emergency medicine, internal medicine, hospitalist services, ICU, mental health, rehabilitation, and anesthesiology. Surgical services offered include urology, general surgery, orthopedic surgery, obstetrics/gynecology, ENT, and ophthalmology. A full array of diagnostic and laboratory services are available. Medical imaging services include CT, MRI, ultrasound, x-ray, fluoroscopy, and nuclear medicine.

The operating room facilities are comprised of four recently constructed OR suites. The urology OR is fully equipped for endoscopic, laparoscopic, and open procedures. Additional procedure rooms are allocated for cystoscopy, minor procedures under local anesthetic, and urodynamics.

Affiliation with TOH allows opportunities for teaching medical students and residents. Educational sessions are teleconferenced to PRH and monthly journal clubs and learning events allow ongoing learning, collaboration, and professional development.

---

### Position Requirements

- Fully independent registration (or eligible for) with College of Physicians and Surgeons of Ontario (CPSO)
- Certified by the Royal College of Physicians and Surgeons of Canada – FRCSC in Urology
- Experience working with teams and possessing strong interpersonal and collaborative skills
